Sir/Madam,

As you are aware that the Ministry of Power, under the provisions of the Energy Conservation Act, 2001, has mandated Renewable Consumption Obligation (RCO) for all Designated Consumers who are electricity distribution licensee (DISCOMs), requiring a minimum share of electricity consumption from renewable energy sources w.e.f. 1st April 2024, as per the Gazette Notification dated 27th September 2025.

As per the statutory provisions, the Bureau of Energy Efficiency (BEE) is mandated to collect, maintain, and verify RCO compliance data from all designated consumers and submit consolidated reports to the Central Government with copies to the respective State Electricity Regulatory Commissions (SERCs).

The deadline for submission of RCO compliance data as per the Gazette Notification is 31st July for each financial year. In this regard, it is hereby requested that the compliance documents for FY 2025-26 shall be submitted to BEE within the prescribed timelines. Further, it is also informed that the window for submission of Renewable Consumption Obligation (RCO) compliance data for the Financial Year 2025-26 has also been opened on the National RCO Portal.

All electricity distribution licensees are required to submit their RCO compliance data in Form A duly certified by the respective State Load Despatch Centres on or before 31st July 2026 through the National RCO Portal, which can be accessed at <https://rco.beeindia.gov.in>.

Further, the Designated Consumers are required to submit Form D, after fulfilment of any shortfall in RCO compliance by 31st December 2026, through either:

- Purchase/self-retention of Renewable Energy Certificates (RECs); or
- payment under the RCO buyout mechanism.

All Designated Consumers are advised to adhere to the stipulated timelines as per MoP Notification dated 27th September 2025.
